

**July 1, 2008 – Comsis joins the WiFi Alliance.** Comsis is pleased to announce our membership in the Wi-Fi Alliance. Bruce Lenihan, V-P sales, comments “Comsis is pleased to join the Wi-Fi Alliance. Our membership in the Wi-Fi Alliance coincides with the recent introduction of our MimoKit-MAX FPGA development platform. Later this year, Comsis will introduce our highly integrated 802.11n SoC. The Wi-Fi Alliance is an ideal venue to enhance our visibility to the market. We look forward to working with the alliance partners to help promote the advantages of wireless technologies”.

Wi-Fi Alliance executive director Edgar Figueroa added “We welcome Comsis to the Wi-Fi Alliance and are happy to see their commitment to delivering the best user experience with Wi-Fi products.”

#### **About Wi-Fi Alliance:**

The Wi-Fi Alliance is a global, non-profit industry association of more than 300 member companies devoted to promoting the growth of wireless Local Area Networks (WLANs). With the aim of enhancing the user experience for wireless portable, mobile, and home entertainment devices, the Wi-Fi Alliance’s testing and certification programs help ensure the interoperability of WLAN products based on the IEEE 802.11 specification.

Since the introduction of the Wi-Fi Alliance’s certification program in March 2000, more than 4,000 products have been designated as Wi-Fi CERTIFIED™, encouraging the expanded use of Wi-Fi products and services across the consumer and enterprise markets.
